Sir,

The applicant requests the director to respond in writing to the previous petition wherein the applicant states that Examiner Rowan's amendments to the applicant's specification are clearly erroneous and are shown to be so according to the record and M.P.E.P. rules.

Said previous petition was faxed to the PTO in a timely fashion and warrants a response in writing from the PTO.

Said previous petition was faxed to the PTO on January 12, 2006, six days prior to the January 18, 2006 deadline, to petition for withdrawal of allowance, which was sent to the applicant by Examiner Rowan.

I hereby certify that this correspondence is being facsimile transmitted to the USPTO (FAX # 571-273-8300) on this day February 11, 2006.
